The Encyclopedia of Unsolved Crimes Jan 25 2020 Over 800 entries examine the facts, evidence, and leading theories of a variety of unsolved murders, robberies, kidnappings, serial killings, disappearances, and other crimes.

Spiritual Gifts and Their Operation Mar 07 2021 Dividing the gifts of the Spirit into three groups-revelation, inspiration, and power-Carter cites specific examples and uses captivation stories to reveal the meaning and practical use of spiritual gifts.

Israelite Religions May 09 2021 Helps readers consider the importance of contemporary archaeological discoveries and juxtapose them with the

biblical narrative to understand ancient Israelite religions.

King Manasseh and Child Sacrifice Dec 24 2019 The Hebrew Bible portrays King Manasseh and child sacrifice as the most reprehensible person and the most objectionable practice within the story of 'Israel'. This monograph suggests that historically, neither were as deviant as the Hebrew Bible appears to insist. Through careful historical reconstruction, it is argued that Manasseh was one of Judah's most successful monarchs, and child sacrifice played a central role in ancient Judahite religious practice. The biblical writers, motivated by ideological concerns, have thus deliberately distorted the truth about Manasseh and child sacrifice.

Ancient Paganism Apr 27 2020 Ancient Paganism explores the false religion of the ancient pre-flood world and its spread after Noah's Flood into the Gentile nations. Quotes from the ancient church fathers, rabbis, and the Talmud detail the activities and beliefs of both Canaanite and New Testament era sorcery. This book explores how, according to biblical prophecy, this same sorcery will return before the Second Coming of Jesus Christ to earth. These religious beliefs and practices will invade the end time church and become the basis for the religion of the Antichrist. Wicca, Druidism, Halloween, Yule, meditation, and occultic tools are discussed at length. This book is brought to you by Biblefacts Ministries, Biblefacts.org

Mennonite Furniture Dec 04 2020 Looks at the history and culture of the

Mennonite immigrants that settled in the Plains states, and describes the furniture they made, including cabinets, chests, tables, and clocks

Angels and Angelology in the Middle Ages Sep 01 2020 Recently angels have made a remarkable comeback in the popular imagination; their real heyday, however, was the Middle Ages. From the great shrines dedicated to Michael the Archangel at Mont-St-Michel and Monte Garano to the elaborate metaphysical speculations of the great thirteenth-century scholastics, angels dominated the physical, temporal, and intellectual landscape of the medieval West. This book offers a full-scale study of angels and angelology in the Middle Ages. Seeking to discover how and why angels became so important in medieval society, David Keck considers a wide range of fascinating questions such as: Why do angels appear on baptismal fonts? How and why did angels become normative for certain members of the church? How did they become a required course of study? Did popular beliefs about angels diverge from the angelologies of the theologians? Why did some heretics claim to derive their authority from heavenly spirits? Keck spreads his net wide in the attempt to catch traces of angels and angelic beliefs in as many portions of the medieval world as possible. Metaphysics and mystery plays, prayers and pilgrimages, Cathars and cathedrals-all these and many more disparate sources taken together reveal a society deeply engaged with angels on all its levels and in some unlikely ways.

The Book of Protection Jan 17 2022

Practice and Theory in the Italian Renaissance Workshop Sep 13 2021 Verrocchio worked in an extraordinarily wide array of media and used unusual practices of making to express ideas.

Christ in Islam Oct 02 2020 The Christian does not know that the true spirit of charity which the Muslim displays, always, towards Jesus and his mother Mary spring from the fountainhead of his faith the Holy Qur'an. He does not know that the Muslim does not take the holy name of Jesus, in his own language, without saying Eesa, alaihi assalam ("Jesus, peace be upon him") The Christian does not know that in the Holy Qur'an Jesus is mentioned twenty five times.

Born in Heaven, Made on Earth Feb 24 2020 Pejoratively referred to as "idols" in the Hebrew Bible and in western tradition, the cult image occupied a central place in the cultures of the ancient Near East. In Mesopotamia, a ritual (mis pi) was used to "give birth" to the god represented by the cult image. In this volume, three separate essays examine the topic within different ancient Near Eastern cultures, and a fourth provides a modern analogy as counterpoint.

A Dictionary of Jewish Palestinian Aramaic of the ... Aug 24 2022 Since the Middle Ages, lexographies of Talmudic and other rabbinic literature have combined in one entry Babylonian, Palestinian, and Targumic words from various periods. Because morphologically identical words in even closely related dialects can frequently differ in both meaning and nuance, their consolidation into one dictionary entry is often misleading. Scholars now realize the need to treat each dialect separately, and in A Dictionary of Jewish Palestinian Aramaic, Michael Sokoloff provides a complete lexicon of the dialect spoken and written by Jews in Palestine during the Byzantine period, from the third century C.E. to the tenth century. Sokoloff draws on a wide range of sources, from inscriptions discovered in the remains of synagogues and on amulets, fragments of letters and other documents, poems, and marginal notations to local Targumim, the Palestinian Midrashim and Talmud, texts addressing religious law (halacha), and Palestinian marriage documents (ketubbot) from the Arabic period. Many of these sources were unavailable to previous lexographers, who based their dictionaries on corrupt nineteenth-century editions of the rabbinic literature. The discovery of new manuscripts in both European libraries and the Cairo Geniza over the course of the twentieth century has revolutionized the textual basis of Jewish Palestinian Aramaic. Each entry in A Dictionary of Jewish Palestinian Aramaic is divided into six parts: lemma or root, part of speech, English gloss, etymology, semantic features, and bibliographic references. Sokoloff also includes an index of all cited passages. This

major reference work, updated to reflect the publication of new texts over the last decade, will both provide students and scholars with a tool for an accurate understanding of the Aramaic dialect of Jewish Palestinian literature of the Byzantine period and help Aramaic and Semitic linguists to see the relationship between this dialect and others, especially the contemporary dialects of Palestine.

Myths of the Dog-Man Nov 03 2020 "An impressive and important cross-cultural study that has vast implications for history, religion, anthropology, folklore, and other fields. . . . Remarkably wide-ranging and extremely well-documented, it covers (among much else) the following: medieval Christian legends such as the 14th-century Ethiopian *Gadla Hawaryat* (Contendings of the Apostles) that had their roots in Parthian Gnosticism and Manichaeism; dog-stars (especially Sirius), dog-days, and canine psychopomps in the ancient and Hellenistic world; the cynocephalic hordes of the ancient geographers; the legend of Prester John; Visvamisra and the Svapacas ("Dog-Cookers"); the Dog Rong ("warlike barbarians") during the Xia, Shang, and Zhou periods; the *nochoy ghajar* (Mongolian for "Dog Country") of the Khitans; the Panju myth of the Southern Man and Yao "barbarians" from chapter 116 of the *History of the Latter Han* and variants in a series of later texts; and the importance of dogs in ancient Chinese burial rites. . . . Extremely well-researched and highly significant."—Victor H. Mair, *Asian Folklore Studies*

Tonino Valerii Aug 20 2019 Tonino Valerii is one of Italy's best genre film directors. Starting out as Sergio Leone's assistant on *For a Few Dollars More* (1965), he went on to direct spaghetti westerns that stand out among the most accomplished in their class—*Day of Anger* (1967), *The Price of Power* (1969), *A Reason to Live, a Reason to Die!* (1972) and *My Name Is Nobody* (1973). He also directed the outstanding giallo *My Dear Killer* (1972). This book examines Valerii's life and career in depth for the first time, with exclusive interviews with the filmmaker, scriptwriters and actors, and critical analysis of his films.

Dictionary of the Old Testament: Prophets Jun 22 2022 The writings of the prophets make up over a quarter of the Old Testament. But

perhaps no other portion of the Old Testament is more misunderstood by readers today. For some, prophecy conjures up knotted enigmas, opaque oracles and terrifying visions of the future. For others it raises expectations of a plotted-out future to be reconstructed from disparate texts. And yet the prophets have imprinted the language of faith and imagination with some of its most sublime visions of the future - nations streaming to Zion, a lion lying with a lamb, and endlessly fruiting trees on the banks of a flowing river. We might view the prophets as stage directors for Israel's unfolding drama of redemption. Drawing inspiration from past acts in that drama and invoking fresh words from its divine author, these prophets speak a language of sinewed poetry, their words and images arresting the ear and detonating in the mind. For when Yahweh roars from Zion and thunders from Jerusalem, the pastures of the shepherds dry up, the crest of Carmel withers, and the prophetic word buffets those selling the needy for a pair of sandals. *The Dictionary of the Old Testament: Prophets* is the only reference book of its kind. Not only does it focus exclusively on the prophetic books; it also plumbs their imagery of mountains and wilderness, flora and fauna, temple and Zion. It maps and guides us through topics such as covenant and law, exile and deliverance, forgiveness and repentance, and the Day of the Lord. Here the nature of prophecy is searched out in its social, historical, literary and psychological dimensions as well as its synchronic spread of textual links and associations. And the formation of the prophetic books into their canonical collection, including the Book of the Twelve, is explored and weighed for its significance. Then too, contemporary approaches such as canonical criticism, conversation analysis, editorial/redaction criticism, feminist interpretation, literary approaches and rhetorical criticism are summed up and assayed. Even the afterlife of these great texts is explored in articles on the history of interpretation as well as on their impact in the New Testament.

Predisposed Oct 22 2019 Buried in many people and operating largely outside the realm of conscious thought are forces inclining us toward liberal or conservative political convictions. Our biology predisposes us to see and understand the world in different ways, not always reason and

the careful consideration of facts. These predispositions are in turn responsible for a significant portion of the political and ideological conflict that marks human history. With verve and wit, renowned social scientists John Hibbing, Kevin Smith, and John Alford—pioneers in the field of biopolitics—present overwhelming evidence that people differ politically not just because they grew up in different cultures or were presented with different information. Despite the oft-heard longing for consensus, unity, and peace, the universal rift between conservatives and liberals endures because people have diverse psychological, physiological, and genetic traits. These biological differences influence much of what makes people who they are, including their orientations to politics. Political disputes typically spring from the assumption that those who do not agree with us are shallow, misguided, uninformed, and ignorant. Predisposed suggests instead that political opponents simply experience, process, and respond to the world differently. It follows, then, that the key to getting along politically is not the ability of one side to persuade the other side to see the error of its ways but rather the ability of each side to see that the other is different, not just politically, but physically. Predisposed will change the way you think about politics and partisan conflict. As a bonus, the book includes a "Left/Right 20 Questions" game to test whether your predispositions lean liberal or conservative.

The Distinguished Jurist's Primer Aug 12 2021 A critical analysis of the opinions of famous Muslim jurists and their methodologies. This is the second volume of the 12th-century work, translated from the Arabic.

The Films of John Carpenter Jul 31 2020 The films of John Carpenter cover a tremendous range and yet all bear his clear personal stamp. From the horrifying (Halloween) to the touching (Starman) to the controversial (The Thing) to the comic (Big Trouble in Little China), his films reflect a unique approach to filmmaking and singular views of humanity and American culture. This analysis of Carpenter's films includes a historical overview of his career, and in-depth entries on each of his films, from 1975's Dark Star to 1998's Vampires. Complete cast and production information is provided for each. The book also covers

those films written and produced by Carpenter, such as Halloween II and Black Moon Rising, as well as Carpenter's work for television. Appendices are included on films Carpenter was offered but turned down, the slasher films that followed in the wake of the highly-successful Halloween, the actors and characters who make repeated appearances in Carpenter's films, and ratings for Carpenter's work. Notes, bibliography, and index are included.

The Truth and Beauty Apr 08 2021 Follow Andrew Klavan to a deeper, richer understanding of the words of Jesus. Andrew Klavan believed what he read in the Gospels, but he often struggled to understand what Jesus really meant. So he began a journey of wrestling with the beautiful and often strange words of Jesus. He learned Greek in order to read the Gospels in their original languages, and he vowed to set aside any preconceptions about what the Scriptures say. But it wasn't until he began exploring how some of history's greatest writers wrestled with the same issues we confront today--political upheaval, rejection of social norms, growing disbelief in God--that he found a new way of understanding what Jesus meant. In *The Truth and Beauty*, Klavan combines a decades-long writing career with a lifetime of reading to discover a fresh understanding of the Gospels. By reading the words of Jesus through the life and work of writers such as William Wordsworth and John Keats, Mary Shelley and Samuel Taylor Coleridge--the English romantics--Klavan discovered a way to encounter Jesus in a deeper and more profound way than ever before. For readers seeking to find renewed meaning in the words of Jesus--and for those who are striving for belief in a materialistic world--*The Truth and Beauty* offers an intimate account of one man's struggle to understand the Gospels in all their strangeness, and so find his way to a life that is, as he says, "the most creative, the most joyful, and surely the most true."

The Bible in History Dec 28 2022 "This book examines the symbiotic relationship between Scripture and the social and cultural contexts shaping its interpretation throughout Western history. Biblical texts have not only shaped the times, but the times have also exerted an enormous impact on shaping the interpretation of texts. The book traces how

specific biblical texts-verses, chapters, and portions of books-have at various times emerged to be the inspiration of movements that have changed the course of history. Each chapter is shaped roughly like an hourglass; that is, chapters examine the history of a text on either side of a particular episode in which the text undergoes an innovative interpretation. This critical juncture-the next of the hourglass-becomes the primary focus of attention in each chapter. Criteria for the selection of texts include their significance in the history of Christianity, the diversity of traditions and texts, and the interpretive strategies and varied themes that demonstrate a cross section of exegetical and hermeneutical approaches. The book consists of ten chapters: Anthony's call to the desert after hearing words of Matthew 19:21; the biblical rationale for the papacy found in Matthew 16:18; Bernard of Clairvaux's Sermons on the Song of Songs; the transformative influence of Romans 1:16-17 on Martin Luther; the Anabaptist non-violent ethic in following Jesus' teaching in the Sermon on the Mount; the exodus motif in African American history; the texts that gave rise to modern Pentecostalism; the decisive text of Galatians 3:28 in support of women's ministry; the "Great Commission" text (Matthew 28:18-20) of missionary motivation in the modern period; and biblical texts that encompass the divisive and ongoing controversy of male homosexuality"--

Zondervan Illustrated Bible Backgrounds Commentary: Esther

Nov 27 2022 After a brief essay that introduces each book, a verse-by-verse commentary follows. Drawing upon linguistic analysis, archaeological evidence, history, other ancient Near Eastern literatures, and the like, the commentary provides the historical and cultural background against which the texts can be read and understood. --from publisher description.

Understanding Cultural Geography Jun 29 2020 Understanding Cultural Geography: Places and Traces offers a comprehensive introduction to perhaps the most exciting and challenging area of human geography. By focusing on the notion of 'place' as a key means through which culture and identity is grounded, the book showcases the broad range of theories, methods and practices used within the discipline. This book not

only introduces the reader to the rich and complex history of cultural geography, but also the key terms on which the discipline is built. From these insights, the book approaches place as an 'ongoing composition of traces', highlighting the dynamic and ever-changing nature of the world around us. The second edition has been fully revised and updated to incorporate recent literature and up-to-date case studies. It also adopts a new seven section structure, and benefits from the addition of two new chapters: Place and Mobility, and Place and Language. Through its broad coverage of issues such as age, race, scale, nature, capitalism, and the body, the book provides valuable perspectives into the cultural relationships between people and place. Anderson gives critical insights into these important issues, helping us to understand and engage with the various places that make up our lives. Understanding Cultural Geography is an ideal text for students being introduced to the discipline through either undergraduate or postgraduate degree courses. The book outlines how the theoretical ideas, empirical foci and methodological techniques of cultural geography illuminate and make sense of the places we inhabit and contribute to. This is a timely update on a highly successful text that incorporates a vast foundation of knowledge; an invaluable book for lecturers and students.

Encyclopedic Dictionary of the Bible Apr 20 2022

Sexual and Marital Metaphors in Hosea, Jeremiah, Isaiah, and Ezekiel Feb 06 2021 Sharon Moughtin-Mumby considers the often unrecognised impact of different approaches to metaphor on readings of the prophetic sexual and marital metaphorical language. She outlines a practical and consciously simplified approach to metaphor, placing strong emphasis on the influence of literary context on metaphorical meaning. Drawing on this approach, she read Hosea 4-14, Jeremiah 2:1-4:4, Isaiah, Ezekiel 16 and 23, and Hosea 1-3 with fresh eyes. Her lucid new readings reveal the way in which scholarship has repeatedly stifled the prophetic metaphorical language by reading it within the 'default contexts' of 'the marriage metaphor' and 'cultic prostitution', which for so many years have been simply assumed. Readers are encouraged instead to read

these diverse metaphors and similes within their distinctive literary contexts in which they have the potential to rise vividly to life, provoking the question: how are we to respond to these disquieting, powerful texts in the midst of the Hebrew Bible?

1 and 2 Kings Jul 23 2022 Many today find the Old Testament a closed book. The cultural issues seem insurmountable and we are easily baffled by that which seems obscure. Furthermore, without knowledge of the ancient culture we can easily impose our own culture on the text, potentially distorting it. This series invites you to enter the Old Testament with a company of guides, experts that will give new insights into these cherished writings. Features include • Over 2000 photographs, drawings, maps, diagrams and charts provide a visual feast that breathes fresh life into the text. • Passage-by-passage commentary presents archaeological findings, historical explanations, geographic insights, notes on manners and customs, and more. • Analysis into the literature of the ancient Near East will open your eyes to new depths of understanding both familiar and unfamiliar passages. • Written by an international team of 30 specialists, all top scholars in background studies.

The Oil Price Crisis of 1998 Jul 11 2021

Muhammad the Greatest Sep 20 2019 "And most certainly, thou (O Muhammad) are of most sublime and exalted character." (The Holy Qur'ân, 68:4) How the Topic Arose About ten years ago, a distant cousin of mine - Mr. Mohamed Mehtar Farooki gave me a typed quotation by the French historian, Lamartine. The quotation [A detailed exposition of the quotation will be found on page 38] purported to prove that Muhammad (pbuh), the prophet of Islam, was the greatest man that ever lived. Mr. Mehtar was in the habit of passing information on to me, believing that I might put the same to some good use at the proper time and place. Before this he had presented me with "The Call of the Minaret," an expensive book written by (Bishop Kenneth Cragg). By analysing this

book I discovered the masterful deceit of the Christian Orientalists.
Self Perceptions and Perceptions of Selected Bible Characters Sep 25 2022

The Handbook of Salutogenesis Jun 10 2021 This open access book is a thorough update and expansion of the 2017 edition of The Handbook of Salutogenesis, responding to the rapidly growing salutogenesis research and application arena. Revised and updated from the first edition are background and historical chapters that trace the development of the salutogenic model of health and flesh out the central concepts, most notably generalized resistance resources and the sense of coherence that differentiate salutogenesis from pathogenesis. From there, experts describe a range of real-world applications within and outside health contexts. Many new chapters emphasize intervention research findings. Readers will find numerous practical examples of how to implement salutogenesis to enhance the health and well-being of families, infants and young children, adolescents, unemployed young people, pre-retirement adults, and older people. A dedicated section addresses how salutogenesis helps tackle vulnerability, with chapters on at-risk children, migrants, prisoners, emergency workers, and disaster-stricken communities. Wide-ranging coverage includes new topics beyond health, like intergroup conflict, politics and policy-making, and architecture. The book also focuses on applying salutogenesis in birth and neonatal care clinics, hospitals and primary care, schools and universities, workplaces, and towns and cities. A special section focuses on developments in salutogenesis methods and theory. With its comprehensive coverage, The Handbook of Salutogenesis, 2nd Edition, is the standard reference for researchers, practitioners, and health policy-makers who wish to have a thorough grounding in the topic. It is also written to support post-graduate education courses and self-study in public health, nursing, psychology, medicine, and social sciences.
