The Top Candidate Playbook Sep 23 2019 Our Playbook provides any Top Candidate with a proven, step-by-step process to landing the opportunity they want most. When you set out on your search, you're likely to get all kinds of advice. One of the most common misconceptions we've seen is the idea of the resume blast, shooting your application to literally hundreds of potential employers in the hope that a small percentage of those will turn into interviews, of which an even smaller percentage of those might turn into actual offers. In our experience, this is time-consuming, inefficient and highly unlikely to net you the results you're seeking. Rather than approaching the job-seeking process with a "numbers game" mentality, The Top Candidate Playbook walks you through the process of optimally positioning yourself for success through a highly targeted, acutely focused approach. This workbook-style playbook takes you step-by-step through the entire process, from in-depth self-evaluation to detailed guidance regarding resumes, cover letters, LinkedIn profiles, interviews, salary negotiations and more. Actionable, relevant and insightful, this Playbook is a proven game-changer and available exclusively Amazon.

Maryland Real Estate License Exam Prep Jan 20 2022 Features of Maryland Real Estate License Exam Prep (MD-RELEP): National Principles & Law Key Point Review (60 pages) Real Estate Math Key Formula Review & Practice (20 pages) Maryland-Specific Laws and Practices (32 pages) National Practice Tests (500 questions) Maryland Practice Tests (125 questions) Maryland Sample Exam (100 questions) We know the real estate licensing exam can be tough, and very nerve-wracking to prepare for. That's why we created Maryland Real Estate License Exam Prep (MD-RELEP) the way we did. Since we have been managing real estate schools and developing curriculum for forty years, we know how all this works - or fails to work. MD-RELEP is comprehensive in that it contains both key content review and testing practice. And the text review is Maryland-specific - not just simplistic national content, but terse, relevant and accurate Maryland laws and regulations presented as a well-organized set of state 'key point reviews' ideal for pre-test memorization. But let's not dismiss the importance of the national content either. MD-RELEP's national key point reviews are a succinct compression of tested national principles and practices that comprise the national portion of state license exams from coast to coast. Our content is drawn from our own national textbook, Principles of Real Estate Practice - one of the most widely used principles textbooks in the country. Finally, our national content, as well as our question selection, is further tailored to the state testing outline promulgated by PSI for Maryland. Thus the breadth and depth of the law reviews and test questions reflect the topic emphasis of your state's testing service and your Maryland license exam. A word about the test questions... MD-RELEP's testing practice section consists of ten national practice tests, six state practice tests, and one state exam sample test. The practice tests are roughly 50 questions in length and the sample test is 100 questions. The test questions are designed to cover the content covered by the law reviews - which reinforces your learning of the total body of information tested by your state exam. The questions are direct, to the point, and designed to test your understanding. When you have completed a given test, you can check your answers against the answer key in the appendix. You may also note that each question's answer is accompanied by a brief explanation, or "rationale" to further reinforce your understanding. In the end, as you know, it's all up to you. Unlike other publications, we are not going to tell you that using this book will guarantee that you pass your state exam. It still takes hard work and study to pass. But we have done our best here to get you ready. Following that, the most we can do is wish you the best of success in taking and passing your Maryland real estate exam. So good luck!! For students looking for a Maryland prelicense textbook, we publish Principles of Real Estate Practice in Maryland.

Boarding Time Oct 29 2022 Why should psychiatrists become certified? Board certification today is not just a mark of excellence that qualifies psychiatrists for more pay; it also has become a necessity--required by hospitals, managed care providers, and the Department of Veterans Affairs. The third edition of this eminently practical volume offers a proven roadmap for successfully navigating one of the most stressful events of the psychiatrist's professional life--Part II of the ABPN examination, the live patient interview. During this ordeal, candidates must put away their accustomed mantle of authority and, within a rigid time limit and under the spotlight's glare, obtain a body of information, formulate and defend a diagnosis, and discuss etiology, prognosis, and therapy. Because the ABPN serves the public and is evaluative rather than educational, it is not prepared to offer the assistance candidates require. Instead, candidates look to individuals, psychiatric training programs, organizations such as the APA--and now, the third edition of this meticulously detailed and, above all, proven guide to passing this often-traumatic exam. The authors have called on virtually every available resource in updating this new edition, including interviews with dozens of candidates and examiners. An important inclusion is the ten most common reasons why candidates fail, and the authors explain in detail how to overcome these pitfalls:1. Inadequate mock board experience2. Low level of concern for patient's feelings and well-being3. Poor follow-up on cues4. Insufficiently broad differential diagnosis5. Lack of broad-based treatment plan (biopsychosocial)6. Poor time management (so data isn't obtained for some areas)7. Inadequate case formulation8. Examination anxiety9. Allowing patient to control the interview10. Inadequate familiarity with diagnostic criteria Meticulously referenced and indexed, with 13 chapters (one of them

an actual recorded MBE) and 5 appendixes, this indispensable guide will be welcomed by ABPN candidates everywhere as an invaluable aid to passing this most rigorous of examinations.
