Pertanyaan dari survey itu adalah, ""Mana menurut Anda yang lebih punya peluang menguntungkan? Strategi investasi yang mudah, atau strategi investasi yang kompleks?"" Apa kira-kira jawaban yang mayoritas dipilih oleh peserta? Jawabannya adalah mayoritas peserta berpendapat bahwa strategi investasi yang

kompleks adalah yang punya peluang menguntungkan. Jawaban ini menarik, mengapa? Karena dalam pengalaman kami dalam berinvestasi dan trading yang bila dijumlah dari seluruh durasi kami bersama mengenal keuangan dan investasi hampir 50 tahun, ternyata strategi yang kompleks tidak selalu juga bisa lebih baik dari yang sederhana. Pertanyaannya, seperti apa yang kompleks? Kalau yang sederhana? Dalam buku jni kita akan membahas bersama-sama hal-hal prinsip apa yang bisa menyebabkan kita bisa untung dalam trading dan investasi secara yang SEDERHANA! Selamat datang dalam buku simple trading, simple investing!" Today's market for mobile apps goes beyond the iPhone to include BlackBerry, Nokia, Windows Phone, and smartphones powered by Android, webOS, and other platforms. If you're an experienced web developer, this book shows you how to build a standard app core that you can extend to work with specific devices. You'll learn the particulars and pitfalls of building mobile apps with HTML, CSS, and other standard web tools. You'll also explore platform variations, finicky mobile browsers, Ajax design patterns for mobile, and much more. Before you know it, you'll be able to create mashups using Web 2.0 APIs in apps for the App Store, App World, OVI Store, Android Market, and other online retailers. Learn how to use your existing web skills to move into mobile development Discover key differences in mobile app design and navigation, including touch devices Use HTML, CSS, JavaScript, and Ajax to create effective user interfaces in the mobile environment Learn about technologies such as HTML5, XHTML MP, and WebKit extensions Understand variations of platforms such as Symbian, BlackBerry, webOS, Bada, Android, and iOS for iPhone and iPad Bypass the browser to create offline apps and widgets using web technologies Generation Y (13-29 year olds) are the most marketing savvy and advertising critical generation ever. Three times the size of the previous Generation X, they have a much bigger impact on society and business. But what drives them and how do you develop the right brand strategies to reach this critical generation? How Cool Brands Stay Hot reveals what drives Generation Y and how you can reach them. Based on important new research, it provides insights into the consumer psychology and behaviour of 'the Millennials'. It will help you to re-connect with the new generation of consumers by understanding their likes and dislikes, and how you can make your advertising, marketing and branding relevant to them. Full of statistics and case studies including Nokia, Nivea, PlayStation, Coca Cola, Volkswagen, Smirnoff, Red Bull, H&M, and Levi's, How Cool Brands Stay Hot provides you with creative ideas on how to position, develop and promote your brands to the new consumer generation. Twenty-five per cent of this book's net royalties will be donated to the Staying Alive Foundation - a global HIV/AIDS charity empowering young people. <http://foundation.staying-alive.org> This book constitutes the thoroughly refereed post-conference proceedings of the 13th International Conference on Information Security and Cryptology, held in Seoul, Korea, in December 2010. The 28 revised full papers presented were carefully selected from 99 submissions during two rounds of reviewing. The conference provides a forum for the presentation of new results in research, development, and applications in the field of information security and cryptology. The papers are organized in topical sections on cryptanalysis, cryptographic algorithms, implementation, network and mobile security, symmetric key cryptography, cryptographic protocols, and side channel attack. EBOOK: Principles and Practice of Marketing Es una revista especializada en el sector tecnológico, donde podrás encontrar las últimas innovaciones tecnológicas implementadas en productos de consumo. El contenido incluye secciones de fotografía y video digital, telefonía celular, computadoras portátiles y de escritorio, accesorios y periféricos electrónicos, además de otros dispositivos portátiles, como los MP3 y MP4, así como lo último en alta definición (Blu Ray) y pantallas de LCD y plasma. Por otro lado, se incluyen evaluaciones técnicas de diversos componentes, los principales estrenos en la cartelera cinematográfica, los más recientes lanzamientos en DVD y Videojuegos, y por último, la sección de estilo de vida, con información variada sobre los gadgets y accesorios que te harán la vida más fácil. Christelle nous livre, dans ce témoignage bouleversant, les difficultés scolaires que rencontrent les sourds, dont 80 % selon un rapport gouvernemental récent seraient illettrés. A quoi bon l'intégration quand elle engendre souffrance, frustration et accentue les discriminations vécues au quotidien ? En lisant ces lignes, le lecteur s'interroge sur les "bienfaits" de l'inclusion des sourds dans le système scolaire ordinaire. Favorisée par les pouvoirs publics, elle semblerait au contraire empêcher l'égalité des chances et aggraver l'échec scolaire. Ce texte rare (car très peu de sourds écrivent), nous propulse dans un univers étranger où les attitudes, l'esprit de groupe et les émotions nous nous surprennent. Le sous-texte, riche en pistes de réflexion psycho-socio-médicopédagogiques invite à considérer très sérieusement le problème. A obra tem como foco principal estabelecer a gestão de marcas como um dos componentes fundamentais do processo mercadológico, no sentido de agregar e criar valor e estabelecer diferenciais competitivos para a empresa. Para isso, os autores tratam, além da gestão da marca e sua relação com as estratégias mercadológicas, a sua importância dentro de um contexto em profundas transformações. Partindo do pressuposto de que as marcas, se bem geridas, influenciam o comportamento do consumidor em seu processo de compra, os autores estabelecem os pontos de relação entre marcas e as demais estratégias mercadológicas da empresa. A importância para a área de Marketing, Administração e Comunicação Social deve-se ao fato de possuir uma visão tático-estratégica do processo de criação e gestão desse importante componente mercadológico. Entre outros temas, a obra aborda a história das marcas no mundo, as marcas no contexto mercadológico, a experiência de consumo (branding sensorial para o fortalecimento da marca), processo de criação e desenvolvimento, a estrutura das marcas, suas extensões e brand equity. Scientific Study from the year 2009 in the subject Business economics - Trade and Distribution. , language: English, abstract: In this scientific paper, it is about to prove that higher perceived product quality needs less advertisement to be sold. The reader will find theoretical sources as well as an own empirical finding. In this the effect of "Stiftung Warentest" on the customers purchase decision will be proved. At the end, it comes out that customer's decision for or against a product is also depends on seals of quality even if they never heard about this product before. That means if a product reaches good test results (e.g. in a product test about sun lotions by Stiftung Warentest), sales should increase while displaying that seal of quality on the package true to the motto: good products sell themselves. Die eineigen Zwillinge Bill und Tom Kaulitz machen seit ihrer Kindheit zusammen Musik. Durch den Monsun wurde August 2005 im Fernsehen erstmalig ausgestrahlt und bescherte der Band in kurzer Zeit viele, überwiegend jugendliche, weibliche Fans. Auch heute stehen die Brüder noch im Rampenlicht. Today's Web 2.0 applications (think Facebook and Twitter) go far beyond the confines of the desktop and are widely used on mobile devices. The mobile Web has become incredibly popular given the

success of the iPhone and BlackBerry, the importance of Windows Mobile, and the emergence of Palm Pre (and its webOS platform). At Apress, we are fortunate to have Gail Frederick of the well-known training site Learn the Mobile Web offer her expert advice in *Beginning Smartphone Web Development*. In this book, Gail teaches the web standards and fundamentals specific to smartphones and other feature-driven mobile phones and devices. Shows you how to build interactive mobile web sites using web technologies optimized for browsers in smartphones Details markup fundamentals, design principles, content adaptation, usability, and interoperability Explores cross-platform standards and best practices for the mobile Web authored by the W3C, dotMobi, and similar organizations Dives deeps into the feature sets of the most popular mobile browsers, including WebKit, Chrome, Palm Pre webOS, Pocket IE, Opera Mobile, and Skyfire By the end of this book, you'll have the training, tools, and techniques for creating robust mobile web experiences on any of these platforms for your favorite smartphone or other mobile device. Gerard Goggin has produced an incisive and penetrating overview of the world according to mobiles. Covering sight, sound and status, plus a host of other issues, he provides a provocative analysis of how mobile communication gadgets come to play such a prominent role in our lives. Any scholar of New Media will want to read this book – James Katz, Department of Communication, Rutgers University, USA With billions of users worldwide, the cell phone is not only a successful communications technology; it is also key to the future of media. *Global Mobile Media* offers an overview of the complex topic of mobile media, looking at the emerging industry structures, new media economies, mobile media cultures and network politics of cell phones as they move centre-stage in media industries. The development, adoption and significance of cell phones for society and culture have been registered in a growing body of work. Where existing books have focused on communication, and on the social and cultural aspects of mobile media, *Global Mobile Media* looks at the media dimensions. Goggin provides a pioneering yet measured evaluation of how cell phone corporations, media interests, users and policy makers are together shaping a new media dispensation. *Global Mobile Media* successfully places new mobile media historically, socially and culturally in a wider field of portable media technologies through extensive case studies, including: the rise of smartphones, with a detailed discussion of the Apple iPhone and how it has catalysed a new phase in convergent media, audiences and innovation the new agenda in cultural politics and media policy, featuring topics such as iPhone apps and control, mobile commons, and open mobile networks a succinct map of the political economy of mobile media, identifying key players, patterns of ownership and control, institutions, and issues a critical account of cell phones' involvement in and contribution to much-discussed new forms of production and consumption, such as user-generated content, p2p networks, open and free source software networks an anatomy of how cell phones relate to other online media, particularly the Internet and wireless technologies. *Global Mobile Media* is an engaging, accessible text which will be of immense interest to upper-level undergraduates, postgraduates and researchers in Communication Studies, Cultural Studies and Media Studies, as well as those taking New Media courses.
