The Lost Alien Artifact 3 Aug 12 2021 A time machine arrives during the Second World War, at the same time and place as Hess crashes, and the time traveler nearly dies but manages to enter suspended animation! Years later archaeologists uncover the time machine and awaken the time traveler and his injuries kill him, but before his death he tells why he arrived there and that he was looking for treasures and ultimate technology of an ultimate time traveler. The Lost City of the Monkey God Jul 11 2021 NAMED A NEW YORK TIMES NOTABLE BOOK OF 2017#1 New York Times and #1 Wall Street Journal bestseller! A five-hundred-year-old legend. An ancient curse. A stunning medical mystery. And a pioneering journey into the unknown heart of the world's densest jungle. Since the days of conquistador Hernán Cortés, rumors have circulated about a lost city of immense wealth hidden somewhere in the Honduran interior, called the White City or the Lost City of the Monkey God. Indigenous tribes speak of ancestors who fled there to escape the Spanish invaders, and they warn that anyone who enters this sacred city will fall ill and die. In 1940, swashbuckling journalist Theodore Morde returned from the rainforest with hundreds of artifacts and an electrifying story of having found the Lost City of the Monkey God-but then committed suicide without revealing its location. Three quarters of a century later, bestselling author Doug Preston joined a team of scientists on a groundbreaking new quest. In 2012 he climbed aboard a rickety, single-engine plane carrying the machine that would change everything: lidar, a highly advanced, classified technology that could map the terrain under the densest rainforest canopy. In an unexplored valley ringed by steep mountains, that flight revealed the unmistakable image of a sprawling metropolis, tantalizing evidence of not

just an undiscovered city but an enigmatic, lost civilization. Venturing into this raw, treacherous, but breathtakingly beautiful wilderness to confirm the discovery, Preston and the team battled torrential rains, quickmud, disease-carrying insects, jaguars, and deadly snakes. But it wasn't until they returned that tragedy struck: Preston and others found they had contracted in the ruins a horrifying, sometimes lethal-and incurable-disease. Suspenseful and shocking, filled with colorful history, hair-raising adventure, and dramatic twists of fortune, **THE LOST CITY OF THE MONKEY GOD** is the absolutely true, eyewitness account of one of the great discoveries of the twenty-first century.

Unbeknownst to them, they have one thing in common: Gabriel Delacruz—a truck driver—abandoned them when they were little and they never heard from him again. Loss and the Literary Culture of Shakespeare's Time Apr 08 2021 As early modernists with an interest in the literary culture of Shakespeare's time, we work in a field that contains many significant losses: of texts, of contextual information, of other forms of cultural activity. No account of early modern literary culture is complete without acknowledgment of these lacunae, and although lost drama has become a topic of increasing interest in Shakespeare studies, it is important to recognize that loss is not restricted to play-texts alone. *Loss and the Literary Culture of Shakespeare's Time* broadens the scope of the scholarly conversation about loss beyond drama and beyond London. It aims to develop further models and techniques for thinking about lost plays, but also of other kinds of lost early modern works, and even lost persons associated with literary and theatrical circles. Chapters examine textual corruption, oral preservation, quantitative analysis, translation, and experiments in “verbatim theater”, plus much more.

The Book of Lost Friends Oct 14 2021 NEW YORK TIMES BESTSELLER • From the bestselling author of *Before We Were Yours* comes a dramatic historical novel of three young women searching for family amid the destruction of the post–Civil War South, and of a modern-day teacher who learns of their story and its vital connection to her students' lives. “An absorbing historical . . . enthralling.”—Library Journal Bestselling author Lisa Wingate brings to life startling stories from actual “Lost Friends” advertisements that appeared in Southern newspapers after the Civil War, as newly freed slaves desperately searched for loved ones who had been sold away. Louisiana, 1875: In the tumultuous era of Reconstruction, three young women set off as unwilling companions on a perilous quest: Hannie, a freed slave; Lavinia, the pampered heir to a now destitute plantation; and Juneau Jane, Lavinia’s Creole half sister. Each carries private wounds and powerful secrets as they head for Texas, following roads rife with vigilantes and soldiers still fighting a war lost a decade before. For Lavinia and Juneau Jane, the journey is one of stolen inheritance and financial desperation, but for Hannie, torn from her mother and siblings before slavery’s end, the pilgrimage west reignites an agonizing question: Could her long-lost family still be out there? Beyond the swamps lie the limitless frontiers of Texas and, improbably, hope. Louisiana, 1987: For first-year teacher Benedetta Silva, a subsidized job at a poor rural school seems like the ticket to canceling her hefty student debt—until she lands in a tiny, out-of-step Mississippi River town. Augustine, Louisiana, is suspicious of new ideas and new people, and Benny can scarcely comprehend the lives of her poverty-stricken students. But amid the gnarled live oaks and run-down plantation homes lie the century-old history of three young women, a long-ago journey, and a hidden book that could change everything.

The Lost Book of Moses Nov 03 2020 One man's quest to find the oldest Bible scrolls in the world and uncover the story of the brilliant, doomed antiquarian accused of forging them. In the summer of 1883, Moses Wilhelm Shapira—archaeological treasure hunter and inveterate social climber—showed up unannounced in London claiming to have discovered the oldest copy of the Bible in the world. But before the museum could pony up his £1 million asking price for the scrolls—which discovery called into question the divine authorship of the scriptures—Shapira's nemesis, the French archaeologist Charles Clermont-Ganneau, denounced the manuscripts, turning the public against him. Distraught over this humiliating public rebuke, Shapira fled to the Netherlands and committed suicide. Then, in 1947 the Dead Sea Scrolls were discovered. Noting the similarities between these and Shapira's scrolls, scholars made efforts to re-examine Shapira's case, but it was too late: the primary piece of evidence, the parchment scrolls themselves had mysteriously vanished. Tigay, journalist and son of a renowned Biblical scholar, was galvanized by this peculiar story and this indecipherable man, and became determined to find the scrolls. He sets out on a quest that takes him to Australia, England, Holland, Germany where he meets Shapira's still aggrieved descendants and Jerusalem where Shapira is still referred to in the present tense as a "Naughty boy". He wades into museum storerooms, musty English attics, and even the Jordanian gorge where the scrolls were said to have been found all in a tireless effort to uncover the truth about the scrolls and about Shapira, himself. At once historical drama and modern-day mystery, *The Lost Book of Moses* explores the nineteenth-century disappearance of Shapira's scrolls and Tigay's globetrotting hunt for the ancient manuscript. As it follows Tigay's trail to the truth, the book brings to light a flamboyant, romantic, devious, and ultimately tragic personality in a story that vibrates with the suspense of a classic detective tale.
